

➤ **Beginning of Day**

1. Get up from your seat and move around the classroom for 15 seconds.
2. Sit down next to a partner.
  - a. If you cannot find a partner, find a group of two and join them. Students must sit next to a new person after each round.
3. Share your status with your partner/group:
  - a. If you are **Susceptible** and you sit with an **Infected** person, change your status to **Infected**, if not, remain the same.
  - b. If you have been **Infected** for **3 days**, at the beginning of the next day, change your status to **Recovered**.

➤ **End of Day**

**Fold Along This Line**

---

<b>Susceptible</b>	<b>Infected</b>	<b>Recovered</b>
<p>1. If a student is <b>Susceptible</b> they move around the classroom normally.</p> <p>2. If a <b>Susceptible</b> student sits next to an <b>Infected</b> student they become <b>Infected</b>.</p>	<p>1. If a student is <b>Infected</b> they move around the classroom normally.</p> <p>2. If a student who is <b>Infected</b> sits next to a <b>Susceptible</b> student, they make that person <b>Infected</b>.</p> <p>3. You will only be <b>Infected</b> for 3 days. A day begins when people move around and ends after data is taken. You then become <b>Recovered</b> on the 4th day.</p>	<p>1. A student can only become <b>Recovered</b> after being <b>Infected</b>.</p> <p>2. If a student is <b>Recovered</b> they move around the classroom normally.</p> <p>3. A student cannot become <b>Susceptible</b> or <b>Infected</b> ever again. They stay <b>Recovered</b>.</p>
