

# NetLogo Web Instructions

This guide will help you download a NetLogo (.nlogo) file and upload it to NetLogo Web, where you can view and interact with the model.

1. Download the desired NetLogo (.nlogo) file and save it on your computer.
2. Go to [NetLogo Web](#).

3. Click the button that says Choose File or Browse, select the .nlogo file you have saved on your computer, and then click Open.
4. The NetLogo file you have opened will be displayed on the web page, where you can interact with the model.
